John Doe

Machine Learning Engineer | john.doe@example.com | Bengaluru, India

SUMMARY

ML engineer with 5 years of Python experience building recommendation and NLP systems in production.

SKILLS

Python, PyTorch, scikit-learn, SQL, Docker, AWS SageMaker, FastAPI

EXPERIENCE

Senior ML Engineer, ShopSmart (2022 - present)

- Built a Python recommendation service serving 3M users/day.
- Cut model inference latency 40% with ONNX and batching.

ML Engineer, DataNest (2019 - 2022)

- Developed NLP pipelines for support-ticket classification.

EDUCATION

B.Tech Computer Science, IIT Delhi (2019)
